Experience

○ 2022 - 2023

EWD Tech Web Design and Development

Frontend Developer

I have developed interfaces for websites and web applications that are responsive and visually appealing. I have converted designs into code using HTML, CSS, and JavaScript. My experience involves optimizing applications for speed and scalability, refining and improving code. It's also my responsibility to solve technical challenges and develop innovative solutions.

○ 2023 - 2023

Buzzinessware, Remote

Frontend React Developer

Effectively communicated and collaborated across time zones with a US-based team, ensuring seamless integration of frontend components with backend systems. Integrated frontend components with backend APIs, ensuring efficient data flow and real-time updates within the applications. Designed and implemented responsive and accessible user interfaces, prioritizing user experience and interface responsiveness across various devices and browsers.
